KÖGEL ALL-ROUND

Kögel's guiding principle **"Economy meets Ecology – Because we care"** is a product promise. Kögel supports all customers with **outstanding expertise, in-depth industry knowledge and, above all, ecologically and economically sustainable products**.

Kögel delivers the perfect transport solution for every requirement. On top of the trailer itself, this includes all the essential added-value services – from trailer procurement to trading in used trailers. Kögel, one of Europe's leading trailer manufacturers, offers trailer financing in addition to vehicle sales. Kögel Telematics informs you of the location and condition of your trailer in real time. Full-service contracts and high-quality spare parts keep your trailer in perfect condition long term. Kögel Used helps you sell your used trailers. This makes Kögel the ideal partner throughout the entire service life of a vehicle.
